ABOUT US

TEACHING AND LEARNING

Learning is at the heart of what we do. We aim to bring learning alive and provide rich, memorable and engaging experiences.

Our professional, qualified teaching staff utilise active teaching methods to focus on communication, language, maths and understanding the world, making learning fun and exciting.

We closely follow the statutory framework for the early years foundation stage which sets the standards for learning, development and care of children.

PARENTS AS PARTNERS

We work together with parents transparently and value opinions and suggestions from all. We have an open door policy for parents, the school is a support network for parents and children, we believe the more we can help families the more settled and successful your child will be. We make full use of specialist IT software to safely and securely build a special record of your child's experiences, development and learning journey throughout their time in Nursery, this enables you to view your child's progress, interact and communicate with your child's teachers.

NURTURING

We aim to cater for all children's needs and recognize that children learn best in different ways. We have strong SEND and Family Support specialists in school to provide support. We value the strengths of each child and develop them, providing support and encouragement along the way. We believe in fun, laughter and happiness and want all of our children to enjoy their learning. Our priority is to nurture and give our children opportunities to be successful and develop into caring, happy and thoughtful young people.

FACILITIES

Our school is safe and secure, we are fortunate enough to have well equipped classrooms as well as our outdoor area which is specifically designed to stimulate active, imaginative and creative play as well as our outdoor classroom to enable outdoor learning every day.

A rectangular sign with a white background and a black border is mounted on a dark gray wall. The sign features the text "MEET THE TEAM" in a bold, dark gray, sans-serif font. Below the sign, a wooden floor with light brown planks is visible.
