Dear Early Years Parent/Carers

Let us take this opportunity to welcome you again to Annie Lennard Primary School. We are so pleased to welcome your child into our setting. We have all been enjoying getting to know one another and have already completed lots of fun activities.

As you will be aware, we are collating lots of the children's learning onto an online learning journey platform called Tapestry. You will have now have completed a form (included in your induction pack) that allowed us to create a parent account. Very soon these will be activated and you will be given information in order to create a password that allows you to log in. Once you have logged in, you will be able to see some of the observations that the Early Years team have gathered of your child. However, there are some details you need to know:

- You will only be sent observations of *your* child. This means you will not see *all* of your child's observations as there will be many that contain information/images of other children.
- You may not receive observations every week.
- You **must not** put any observations you receive onto social media. If this happens you will be breaking policy and your account will be deactivated.

We are excited to be able to share some of your child's highlights from Early Years with you and we hope you enjoy receiving these.

We would love you to play an active part in your child's education and via Tapestry we hope this can be achieved with ease.

To do this please...

- comment on your child's observations
- share your own observations of your child outside of school e.g. football club, at the park, helping out around the house, playing with their toys etc.
- keep logging back in to stay up to date
- remember to check for messages and homework tasks/ideas

If you have any concerns or questions please don't hesitate to contact us:
